Hurricane Season 2021– We Are Prepared!

The 2021 Hurricane Season is now upon us! Here at Landscape Florida we take this time of year very seriously for our clients to be prepared and to respond when needed! Here is an overview of how Landscape Florida deals with Hurricane and Emergency Event response: **Step 1)** As soon as it is safe, we immediately inspect all of our clients properties for damage and needs. **Step 2)** We prioritize our response based on life/safety issues, properties access issues and general clean up issues. **Step 3)** We immediately schedule crews & equipment to service our clients needs and return to normal as quickly as possible.

We also have formal contractual agreements in place with several local companies to provide us with additional labor and heavy equipment, as needed, after an event! In addition, our 20 acre facility (centrally located in Naples) allows us to continually offload thousands of cubic yards of debris a day, which few other local landscape companies are able to do on their own site.

For more information and pricing call **(239) 643-6124** or email **Info@LandscapeFlorida.com** today!

Our 20 Acre Site in Naples
